Professional Summary

B.Tech Computer Science 2025 graduate with professional experience in application support and software testing. Hands-on experience in manual testing of web-based applications, including functional, smoke, sanity, regression, and UAT testing. Familiar with Selenium WebDriver, Core Java, TestNG, SQL, and Postman, with practical exposure to test automation and application validation. Seeking opportunities in QA Manual Testing and Automation Testing.

Technical Skills

Testing: Manual Testing, Functional Testing, Smoke Testing, Sanity Testing, Regression Testing, UAT, Test Case Design, Defect Life Cycle, SDLC, STLC
Automation: Selenium WebDriver, Core Java, TestNG
API & Database: API Testing, Postman, SQL, MS SQL
Tools: JIRA, Git, GitHub, Jenkins, Agile

Experience

Executive - Information Technology *Nov 2025 - Aug 2026*
Cogent E-Services, Noida

- Provided technical support for web-based CRM and dialer applications.
- Troubleshot application issues and investigated errors for timely resolution.
- Performed UAT to validate application workflows before handover to the business operations team.
- Executed Selenium smoke and regression test scripts for application validation.
- Updated existing Selenium scripts and validated application changes.
- Used SQL for application data validation and issue investigation.
- Used Postman to validate API responses during application troubleshooting.

Projects

SwagLabs - E-Commerce Automation Testing GitHub

- Automated login, product, cart, checkout, and order flows using Selenium WebDriver, Java, and TestNG.
- Implemented POM, Explicit Waits, Assertions, TestNG Listener, and failure screenshots.

Java Selenium Automation Lab - Selenium Practice GitHub

- Practiced Selenium WebDriver, Java, Locators, WebElements, Waits, Alerts, Frames, and Windows.
- Applied OOP concepts and reusable automation methods.

E-Commerce REST API Automation Testing GitHub

- Automated e-commerce REST APIs using Java, Rest Assured, TestNG, and Maven.
- Tested product, user, cart, and order APIs with CRUD operations and response validation.

Java Framework07 - Core Java Practice GitHub

- Practiced Core Java, OOP, Collections, Exception Handling, Strings, and logical problems.
- Built reusable Java programs for automation scripting practice.

ParaBank - Banking Portal Manual Testing GitHub

- Created and executed test cases, positive, negative scenarios, and defect reports.

Training

Software Testing Trainee *May 2025 – Oct 2025*
QSpiders, Punjagutta, Hyderabad

- Trained in Manual Testing, Selenium WebDriver, Core Java, SQL, API Testing, TestNG, SDLC, and STLC.
- Created and executed test cases, reported defects, and performed database and API validation.

Internship

Manual Software Testing Intern Certificate *Jun 2024 – Jul 2024*
Ramraj Technology Solutions Pvt. Ltd., Bhopal

- Prepared and executed test cases for web application features.

Education

Bachelor of Technology in Computer Science & Engineering *2021 – 2025*
Technocrats Institute of Technology & Science, Bhopal *CGPA: 7.70*

Higher Secondary (12th) *2019 – 2020*
Z.A. Islamia College, Siwan, Bihar *71.20%*

Secondary (10th) *2017 – 2018*
Madhusudan High School, Siwan, Bihar *60.00%*
